PERFORMANCE™ SERIES AIR CONDITIONERS

Enhanced comfort, up to 18.0 SEER2 rating

Puron ADVANCE™ featuring InteliSense™

Models 26TPA8, 26SPA6

Designed with Your Comfort in Mind

Carrier Performance Series air conditioners represent years of research and design with one goal in mind – enhancing your family's comfort. Performance Series air conditioners offer the Carrier quality, environmental stewardship and lasting durability that have endured for more than a century. And, to ensure maximum year-round performance, your dealer can update your system with a new Carrier furnace or fan coil and thermostat, all backed by the indoor comfort experts.

Carrier CONSUMER CHOICE WARRANTY

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment. Carrier is excited to offer you a Consumer Choice Warranty option. Most Carrier products come with the option to select the warranty of your choice. Dealer participation is required.[1]

EFFICIENCY

SEER2 (Seasonal Energy Efficiency Ratio) ratings are like your car's MPG – the higher the number, the greater the potential for savings. Performance Series air conditioners offer a range of efficiencies up to 18.0 SEER2.

DURABILITY

Don't let the attractive exterior fool you – Performance Series air conditioners are built for years of lasting durability. A galvanized steel cabinet, louvered steel coil guard and baked-on powder paint provide protection against dings, dents and other outdoor threats.

SMART SERVICE

Carrier's patent-pending InteliSense™ technology allows for critical equipment performance data to be gathered and shared with your dealer who can reassure you that your system is running properly and then deliver a smarter, faster, and more efficient service experience to you.[2]

HUMIDITY MANAGEMENT

Your two-stage Performance Series air conditioner can be the key to enhanced comfort and efficiency through precision humidity management. Include a Carrier thermostat, humidifier and multi-speed indoor unit and enjoy ideal comfort, all year long.

ENVIRONMENT

With Puron Advance™, Carrier proudly displays our commitment to environmental stewardship. It's a refrigerant that helps deliver a 75% reduction in global warming potential compared to R-410A.

SOUND

Our Performance Series air conditioners cool your home quietly. These models include a compressor sound blanket that reduces noise.

LIMITED WARRANTY

To the original owner, our Performance Series air conditioners are covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate at carrier.com for complete details and restrictions.

[1] Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.

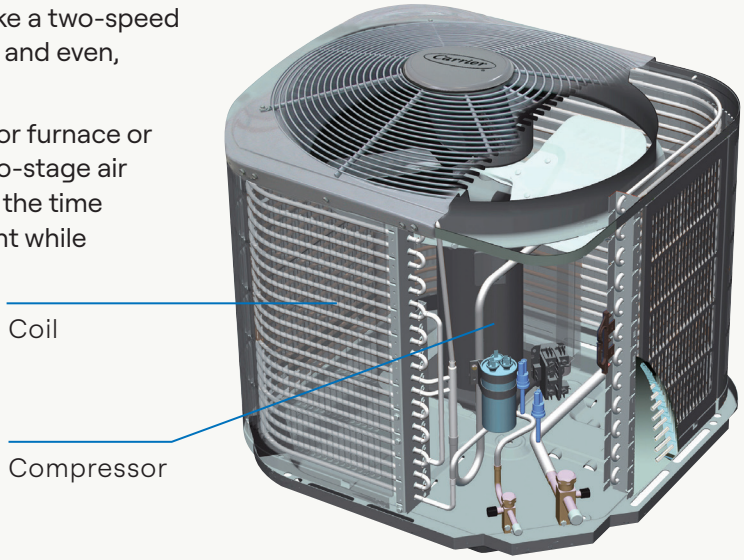

[2] When paired with an InteliSense-enabled smart thermostat, connected to the Internet through a Wi-Fi network, and homeowner permissions granted.

The Carrier Difference

If you could look under the hood of a Carrier Performance Series air conditioner, you'd see what drives the performance: a serious commitment to quality. Select models feature our unique welded aluminum coil technology, which is a first for residential outdoor products. It provides enhanced corrosion resistance while delivering improved energy efficiency.

In addition, some models include innovative extras like a two-speed compressor for added benefits like higher efficiency and even, consistent comfort.

When installed with a custom-matched Carrier indoor furnace or fan coil and a Carrier compatible thermostat, our two-stage air conditioners can operate on low-stage up to 80% of the time to keep airflow and temperatures even and consistent while adding humidity control during cooling operation. As a result, this system can deliver enhanced comfort and reduced energy use compared to standard systems.

A Range of Comfort

Carrier delivers cooling systems in a range of shapes and sizes. Check out this side-by-side comparison to see how our energy-efficient Performance Series air conditioners measure up against our Infinity® and Comfort™ models.

	Infinity Series	Performance Series	Comfort Series
Motor Performance	Variable-speed rotary and variable-speed scroll compressors available	Two-stage and single-stage scroll compressors available	Single-stage scroll compressor
Efficiency	Up to 21.0 SEER2 rating	Up to 18.0 SEER2 rating	Up to 16.5 SEER2 rating
Diagnostic Technology	Infinity fully communicating system	InteliSense connected system	–
Durability	WeatherArmor™ Ultra cabinet protection	WeatherArmor Ultra cabinet protection	WeatherArmor cabinet protection
Sound	Silencer System II, dBA as low as 55	dBA as low as 67	dBA as low as 71
Recommended Control[3]	Infinity System Control	ecobee for Carrier Smart Thermostat	Carrier Smart Thermostat
Limited Warranty[4]	10-year parts	10-year parts	10-year parts

[3] Control sold separately, other options available.
[4] Upon timely registration. The warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See limited warranty certificate for complete details and restrictions.

The Indoor Comfort System

Your Carrier dealer will recommend a system to meet your home-comfort needs and local weather environment.

CONTROL

ecobee for Carrier Wi-Fi®-enabled smart thermostat learns your schedule for greater efficiency and comfort.

GAS FURNACE

Provides reliable, high-efficiency heating for long-lasting comfort and potential energy savings.

EVAPORATOR COIL

Matches with the proper outdoor unit to provide more cooling efficiency and years of reliable service.

AIR PURIFIER

Works in-line with your HVAC system to help reduce dust, dirt, pet dander and smoke particles that can circulate throughout your home.

HUMIDIFIER

Adds moisture to the air, helping keep static and dry skin at bay.

VENTILATOR

Combines fresh outdoor air with conditioned indoor air for improved air quality.

More Than a Century of Cool

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier strives to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, a nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.
