INFINITY® SYSTEM AIR CONDITIONER

Outstanding comfort, up to 21.0 SEER2 rating

Puron ADVANCE™

Model 26VNA1

Designed with Your Comfort in Mind

The Carrier Infinity System air conditioner represents years of design, development and testing with one goal in mind – maximizing your family's comfort. Along the way, we have created new technologies that deliver the outstanding quality and energy efficiency you demand while staying ahead of industry trends and global initiatives.

INNOVATION

The Infinity 21 air conditioner with Greenspeed® intelligence can make very subtle adjustments to adaptable-speed components as conditions change. The result is smooth, exceptional comfort and extra energy efficiency.

EFFICIENCY

SEER2 (Seasonal Energy Efficiency Ratio) ratings are like your car's MPG – the higher the number, the greater the potential for savings. Infinity System air conditioners offer a range of efficiencies that reach as high as 21.0 SEER2.

DURABILITY

A galvanized steel cabinet, louvered coil guard and baked-on powder paint provide protection against dings, dents and weather-based threats.

HUMIDITY MANAGEMENT

An Infinity variable-speed air conditioner can be the key to up to 400% more humidity removal from the air in your home.[1] Include an Infinity system control and an Infinity multi-speed indoor unit and let Ideal Humidity System™ technology deliver outstanding comfort, all year long.

ENVIRONMENT

With Puron Advance™, Carrier proudly displays our commitment to environmental stewardship. It's a refrigerant that helps deliver a 75% reduction in global warming potential compared to R-410A.

SOUND

Our Infinity 21 air conditioner cools your home quietly. It includes our Silencer System II™ components that reduce airflow and vibration. The Infinity 21 achieves sound levels as low as 55 dBA.

LIMITED WARRANTY

To the original owner, our Infinity System air conditioner is covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See limited warranty certificate at carrier.com for complete details and restrictions.

Carrier CONSUMER CHOICE WARRANTY

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment. Carrier is excited to offer you a Consumer Choice Warranty option. Most Carrier products come with the option to select the warranty of your choice. Dealer participation is required.[2]

[1] Select models only. Based on Carrier testing. Compared to a single stage 14.3 SEER system, in worst-case conditions (cool and damp).

[2] Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.

The Carrier Difference

PERFORMANCE

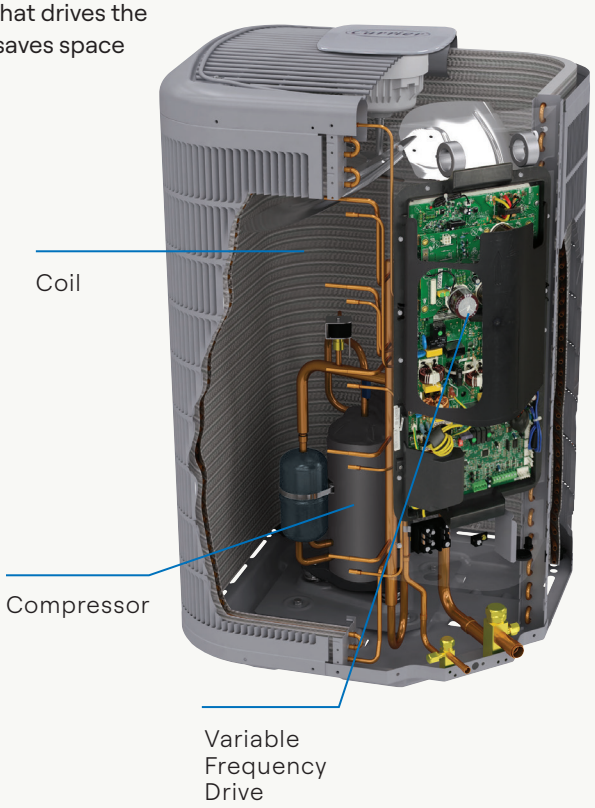

If you could look under the hood of a Carrier Infinity air conditioner, you'd see what drives the performance: a serious commitment to quality. Our microtube coil technology saves space and provides lasting comfort with its corrosion-resistant construction.

COMFORT

The variable frequency drive manages home comfort based on conditions such as indoor temperature, outdoor temperature, humidity levels, thermostat settings and more. Combined with a variable-speed compressor, it tracks trends and makes intelligent speed and capacity adjustments based on past performance. As a result, this system is designed to deliver the highest possible comfort at the lowest possible energy use.

OVER-THE-AIR EQUIPMENT UPDATES

Infinity air conditioners can receive over-the-air equipment updates when paired with the Infinity System Control and connected to Wi-Fi®. When a new software version is made available, it's simply pushed out to your Infinity System Control. Keeping your system's software up to date helps to ensure top performance.

A Range of Comfort

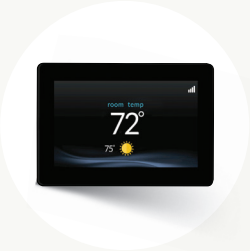

Carrier delivers cooling systems in a range of shapes and sizes. Check out this side-by-side comparison to see how our highly efficient Infinity System air conditioner measures up against our Performance™ and Comfort™ models.

	Infinity Series	Performance Series	Comfort Series
Motor Performance	Variable-speed rotary and variable-speed scroll compressors available	Two-stage and single-stage scroll compressors available	Single-stage scroll compressor
Efficiency	Up to 21.0 SEER2 rating	Up to 18.0 SEER2 rating	Up to 16.5 SEER2 rating
Diagnostic Technology	Infinity fully communicating system	InteliSense connected system	–
Durability	WeatherArmor™ Ultra cabinet protection	WeatherArmor Ultra cabinet protection	WeatherArmor cabinet protection
Sound	Silencer System II, dBA as low as 55	dBA as low as 67	dBA as low as 71
Recommended Control[3]	Infinity System Control	ecobee for Carrier Smart Thermostat	Carrier Smart Thermostat
Limited Warranty[4]	10-year parts	10-year parts	10-year parts

[3] Control sold separately, other options available.
[4] Upon timely registration. The warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See limited warranty certificate for complete details and restrictions.

The Indoor Comfort System

Your Carrier dealer will recommend a system to meet your home-comfort needs and local weather environment.

CONTROL

Allows precise temperature control and humidity control along with programmable features to further customize your comfort.

GAS FURNACE

Provides reliable, high-efficiency heating for long-lasting comfort and potential energy savings.

EVAPORATOR COIL

Matches with the proper outdoor unit to provide more cooling efficiency and years of reliable service.

AIR PURIFIER

Works in-line with your HVAC system to help reduce dust, dirt, pet dander and smoke particles that can circulate throughout your home.

HUMIDIFIER

Adds moisture to the air, helping keep static and dry skin at bay.

VENTILATOR

Combines fresh outdoor air with conditioned indoor air for improved air quality.

More Than a Century of Cool

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier strives to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, a nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.
