Performance™ Series Ductless Heat Pumps

The Coolest Thing in Comfort

Models: 37MARAQ, 37MBRAQ, 37MGRAQ

featuring Puron ADVANCE™

Why Are So Many Homeowners Going Ductless?

Whether you're adding an extra room or converting an attic into a living space, you want your home renovation to be as comfortable as possible. Ductless systems deliver ultra-quiet and efficient comfort for practically any space and style. They also help eliminate hot and cold spots, making them ideal for garages, sunrooms, attics, additions and more.

Carrier
CONSUMER CHOICE WARRANTY

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment. Carrier is excited to offer you a Consumer Choice Warranty option. Carrier Ductless Systems come with the option to select the warranty of your choice. Dealer participation is required.[1]

ENVIRONMENT

With Puron Advance™, Carrier® proudly continues our century-plus commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining the non-ozone depleting properties of original Puron

COMFORT TECHNOLOGY

Carrier ductless systems automatically adjust their compressor speed to match changing conditions, keeping your home consistently comfortable while using less energy. And with reliable performance in outdoor temperatures from -13°F to 122°F, you'll enjoy year-round comfort no matter the season.

EFFICIENCY

Our Performance Series units deliver up to 28.1 SEER2 and 13.6 HSPF2 ratings. And with ENERGY STAR® certifications on a number of ductless models, Carrier ductless systems provide improved temperature regulation, increased energy and cost savings.

PERSONALIZED COMFORT

Connect up to six indoor units to a single outdoor unit—to deliver individualized temperature control in every room of your home. Once you decide what temperature you'd like a specific zone (or room) to be, the system will quietly maintain that temperature.

WHISPER QUIET OPERATION

Ultra-quiet operation reduces noise pollution both indoors and out for more peaceful, comfortable spaces.

DURABILITY

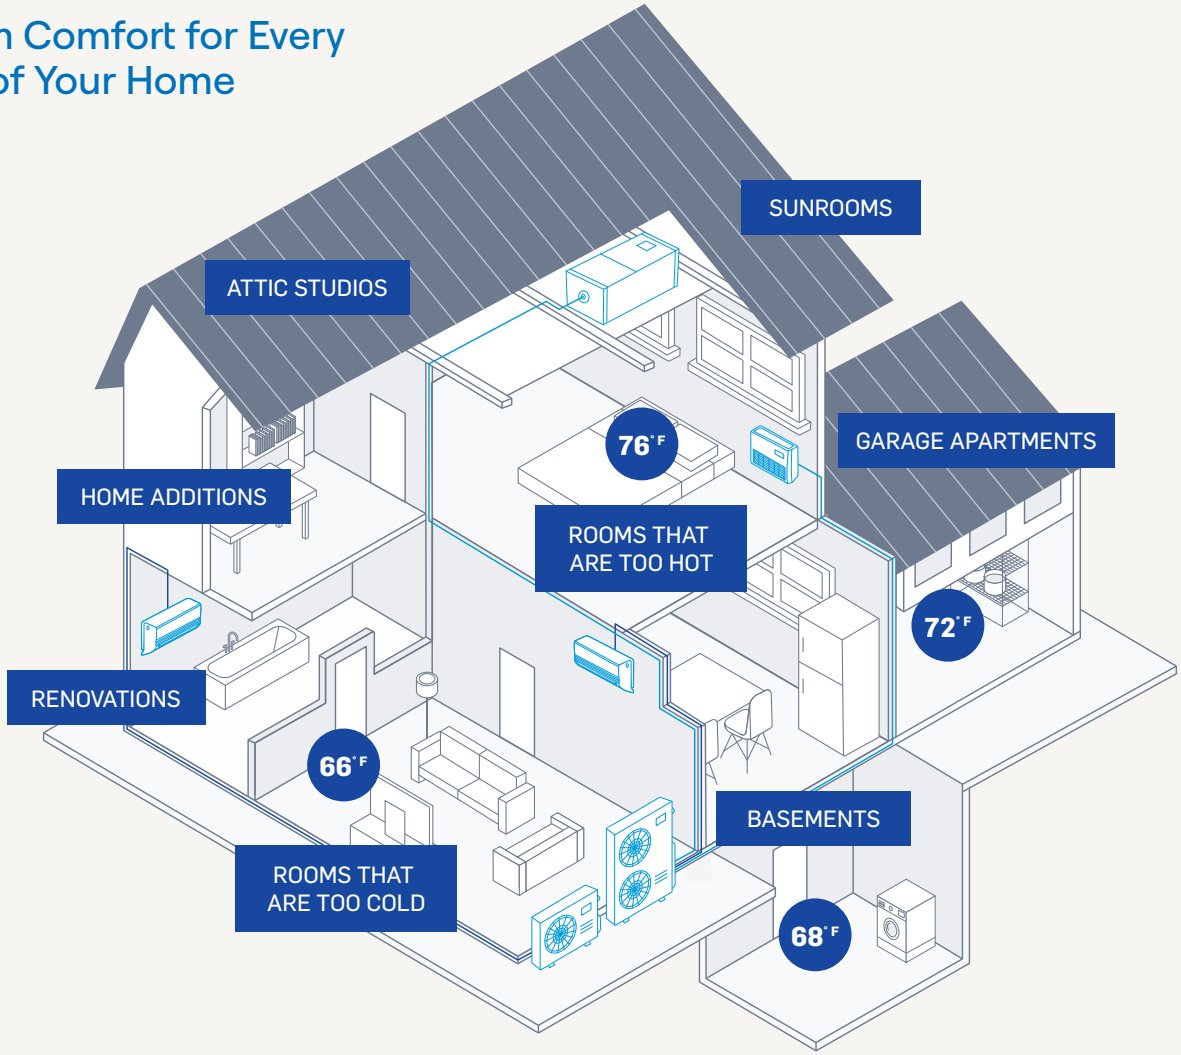

Performance heat pumps are constructed with heavy-gauge galvanized steel for long-lasting operation. A baked-on, powder-coated finish add extra protection against long winters and hot summers, helping your system stay looking great and performing well for years.

LIMITED PARTS WARRANTY

To the original owner, Carrier Infinity ductless heat pumps are covered by a 10-year parts limited warranty upon timely registration.*

[1] Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.

Custom Comfort for Every Room of Your Home

A Full Spectrum of Comfort
